

OUR QUALITY POLICY

Market and Customer Orientation

Customer satisfaction ensures the existence of our company!

- In order to meet the demands of the market and customers at any time, all processes are continuously improved during the phase of consulting, bidding, developing, manufacturing and service.

Employees

Each and every employee contributes to the success of Leuze electronic!

- Thus, employees are best supported and promoted in line with their skills and ambitions.
- Continuous training and learning as well as the willingness to change are thereby key issues.
- Mutual appreciation and respect, commitment, team spirit as well as reliance determine our personal relations.

Processes and Technology

Error prevention has priority over error correction!

- Continuous analysis and improvement of our processes are the basis for error prevention.
- Applying reliable and state-of-the-art technology contributes to our high product quality and sustainable competitiveness.
- In addition to the obligation to implement and to continuously improve our quality management system according to ISO9001, complying with statutory and normative requirements is a matter of course at Leuze electronic.
